From Your Chairman:

As this section year comes to a close, I wish to thank the Governing Board and all members who helped support this year's initiatives and activities and for your patience as we worked towards meeting your needs and interests. I hope that we met some of your expectations and I look forward to serving you again next year as Treasurer and alternate delegate to the National Annual Nominating Committee and ask that you continue to provide the same level of support to next year's Governing Board. Next year's monthly programs have been identified and should therefore allow the Board to address some of the more strategic issues facing the section.

As we all face continued demands on our time, it becomes increasingly difficult for people to support organizations that rely on volunteers. I can assure you that it is rewarding and educational for those who can find the time and I wish to thank those who have offered their services to the section and encourage you all to do what ever you can to sustain and increase section growth and development.

Finally, the Section Governing Board nominations for the 99/00 Section Year will be voted on at this month's meeting. Please try to attend the meeting and vote for the nominees.

William J. Schultz
1998/1999 Chairman
